**OPEN UP TO
ADVENTURE.**

ESCAPE WITH EASE

Thanks to its hands-free foot-activated liftgate,¹ accessing up to 68.0 cu. ft. of cargo space is easy. With your Intelligent Access key fob¹ located in a pocket or purse, just kick your foot under the bumper and the liftgate automatically opens or closes. Plus, the fully opened height can be programmed to a position that works best for you.

MAINTAIN YOUR BALANCE

Standard AdvanceTrac[®] with RSC[®] (Roll Stability Control[™])² enhances vehicle stability in a wide range of conditions. By selectively applying individual brakes and modifying engine power, the system helps keep all 4 wheels firmly planted. In addition, Curve Control² helps slow you down if you're heading into a curve too quickly. A suite of 7 standard airbags also helps maintain your peace of mind.

IN TRAFFIC

Adaptive cruise control & forward collision warning with brake support^{1,2} helps maintain your choice of speed and preset gaps from the vehicle in front of you. It can also alert you to a potential collision. If one is detected, the system flashes a warning, sounds an alarm, and can pre-charge the brakes to provide full responsiveness when you do brake.

BETWEEN THE LINES

Drifting out of your lane? The Lane-Keeping System^{1,2} can help. By applying steering wheel torque, and even alerting you with steering wheel vibration, it helps direct you to return to your lane.³

WHEN CHANGING LANES

BLIS[®] (Blind Spot Information System) with cross-traffic alert^{1,2,4} helps warn you if it detects a vehicle in either of your blind spots while driving forward, or approaching from the sides while backing up slowly.

WHEN PARKING

Backing in. Parallel parking. Enhanced active park assist^{1,5} is a beauty to behold. It not only assists you in finding an appropriate parking spot, it steers you into it while you control the accelerator, brake pedal and gear shift knob as needed. When pulling out of a parallel spot, it provides assistance as well.

STAY ALERT.

TAKE IT UP A NOTCH.

PLAN YOUR ESCAPE

Choose from four unique models, including the new SEL. Then add options and packages that enhance functionality and express your personal sense of style.

Underneath, front and rear skid plates help protect underbody components. Inside, partial leather-trimmed sport seats are paired with a leather-wrapped shift knob and steering wheel. Any way you look at it, this Escape delivers standout style.

THE NEW SEL

LED signature lighting enhances the look of the headlamps on the new Escape SEL. Inside, sit down in leather-trimmed seats. Take control of SYNC® 3, with Apple CarPlay™ compatibility and Android Auto™ compatibility. Utilize SYNC Connect, and the additional functionality it provides through the FordPass™ smartphone app. Even load items easily with a power liftgate.
